## **FIBARO MOTION SENSOR FGMS-001**

FIBARO Motion Sensor is a universal, Z-Wave Plus compatible multi-sensor. This device has a built-in motion. sensor, temperature sensor and light sensor. Additionally, through vibrations detection, it may detect tampering attempt or an earthquake. FIBARO Motion Sensor is battery powered, completely wireless, and its casing allows for quick and non-invasive installation on any surface. The eye of the sensor visually indicates motion, temperature level, operating mode or may inform about Z-Wave network range. The device can be used for lighting scenes and presence monitoring systems

Read the manual before attempting to install the device!

### **Specifications**

Power supply 3.0V battery CR123A Battery type: Operating temperature: 32 to 104°F Measured temperature range: -4 to 212°F Light Intensity Measuring Range: 0-32000 LUX Dimensions (diameter): 1.81

### Basic activation of the device

- 1) Open the sensor's casing by turning the cover counter-clockwise
- 2) Remove battery blocker
- 3) Locate the sensor nearby the main Z-Wave controller
- 4) Set the main Z-Wave controller into inclusion mode. 5) Quickly, triple click the B-button located inside the
- casing LED diode will glow blue to confirm setting into learning mode.

B-button location

- 6) Wait for the device to be added into the system successful adding will be confirmed by the controller. 7) Wake up the sensor by clicking the B-button.
- 8) Close the cover by turning it clockwise.
- 9) Install the sensor's holder in desired location using an expansion bolt or a sticker
- 10) Insert the device into its holder.

FCC ID: 2AA9MFGMS002 IC number:

# **FIBARO MOTION SENSOR**

Le FIBARO Motion Sensor est un multi-capteur universel compatible Z-Wave Plus. Cet appareil est doté d'un capteur de mouvement, d'un capteur de température et d'un capteur de luminosité. De plus, grâce à la détection des vibrations, il peut détecter une tentative d'ouverture du boitier ou un tremblement de terre. Le FIBARO Motion Sensor est alimenté nar une hatterie il est sans fil et son boîtier permet une installation rapide et minimale sur toute type de surface. L'œil de la sonde indique visuellement le mouvement, le niveau de température, le mode de fonctionnement, ou la qualité de communication avec le réseau 7-Wave. Le dispositif peut être utilisé pour les scènes.

### **Spécifications**

Alimentation Batterie 3.0V CR123A Type de batterie Température de fonctionnement 0 à 40°C Plage de température mesurée: -20 à 100°C Plage d'intensité lumineuse mesurée: 0-32000 LUX Dimensions (diamètre): 46 mm

### Installation du dispositif

- 1) Ouvrez le couvercle en tournant dans le sens contraire des aiguilles d'une montre.
- 2) Retirez la languette protégeant la batterie.
- 3) Mettez le canteur à proximité du contrôleur principal
- 4) Mettez le contrôleur principal de Z-Wave en mode
- 5) Cliquez rapidement 3 fois sur le bouton B situé à l'intérieur du boîtier - la LED s'allume en bleu pour confirmer la mise en mode apprentissage

Emplacement du bouton B

- 6) Attendez que l'appareil soit inclus dans le système, le succès de l'inclusion sera confirmé par le contrôleur.
- 7) Réveillez le capteur en cliquant sur le bouton B.
- 8) Fermez le couvercle en tournant dans le sens des aiguilles d'une montre
- 9) Installez le support du capteur à l'endroit désiré.
- 10) Installez l'appareil dans son support.

### **FIBARO MOTION SENSOR** FGMS-001

FIBARO Motion Sensor es un multisensor universal. compatible con Z-Wave Plus. Este dispositivo lleva incorporado un sensor de movimiento, un sensor de temperatura y un sensor lumínico. Además, mediante detección por vibraciones, puede detectar un intento de manipulación o un terremoto. FIBARO Motion Sensor está alimentado por baterías, es completamente inalámbrico, v su carcasa permite una instalación rápida y no-invasiva en cualquier superficie. El oio del sensor indica de forma visual. la captación de movimiento, el nivel de temperatura, el modo de trabajo o puede informar sobre el alcance de la red Z-Wave. El dispositivo se puede usar para escenas de iluminación y para sistemas de monitorización de presencia.

### **Especificaciones**

Alimentación Batería de 3 0V Tipo de batería: CR123A Temperatura de trabajo: 0 a 40°C Rango de la medida de temperatura: -20 a 100°C Rango de la medida de la intensidad 0-32000 LUX Dimensiones (diámetro):

### Activación básica del dispositivo

- 1) Abra la carcasa haciendo girar la cubierta en sentido contrario a las aquias del reloi.
- 2) Extraiga el aislante que impide el contacto de la batería con los bornes del sensor
- 3) Coloque el sensor cerca del controlador Z-Wave principal 4) Active el controlador Z-Wave principal en modo de
- inclusión
- 5) Rápidamente, pulse tres veces el botón TMP ubicado dentro de la carcasa - el diodo LED brillara azul para confirmar que el dispositivo se encuentra en modo de aprendizaie.

Ubicación del botón-B

- 6) Espere a que el dispositivo sea incluido en el sistema Una inclusión satisfactoria será confirmada por el
- 7) Despierte el sensor pulsando el botón-B.
- 8) Cierre la cubierta haciéndola girar en sentido de las aquias del reloi
- 9) Instale el soporte del sensor en el lugar deseado.
- 10) Inserte el dispositivo en su soporte

### **FIBARO MOTION SENSOR** FGMS-001

FIBARO Motion Sensor é um multisensor universal Z-Wave Plus compatível. Este dispositivo tem embebido um sensor de movimento, de temperatura e de luminosidade. Adicionalmente, através da detecão de vibrações. pode perceber tentativas de vandalismo ou um tremor de terra. FIBARO Motion Sensor é alimentado a bateria, completamente sem fios, e o seu invólucro permite uma instalação rápida e não-invasiva em qualquer superfície. O "olho" do sensor pode servir para indicar visualmente movimento, nível de temperatura, modo de operação ou pode informar sobre o alcance da rede Z-Wave. O dispositivo pode ser utilizado para cenários de iluminação e em sistemas de monitorização de presença.

- 4) Coloque o controlador Z-Wave primário no modo de
- 5) Carregue rapidamente 3 vezes o Botão-B, localizado no interior do dispositivo - LED ficará azul para confirmar a configuração em modo de aprendizagem.

Localização do botão-B

- 6) Aguarde que o dispositivo seja incluído no sistema
- O sucesso da inclusão será confirmada pelo controlador.
- 7) "Acorde" o sensor clicando no Botão B.
- 8) Feche a tampa, rodando a mesma no sentido dos ponteiros do relógio.
- 9) Instale o suporte do sensor no local desejado.
- 10) Insira o dispositivo no suporte.

### **US Limited warranty - United States**

This limited warranty is provided by Fibar USA, LLC (the "Company"), 1040 E. Lake Ave., Clenview, Illinois 60025, as the sole and exclusive remedy offered to a purchaser (the "Customer") of the products (the "Products") or any alleged defects in any of the Products. The warranty is subject to all terms sets forth below.

#### 1. LIMITED WARRANTY:

Subject to the limitations of section 2, the company warrants that the products sold by the company to the customer will be free from defects in material and workmanship under normal use and regular service and maintenance for a period of one (1) year from the date of purchase of the products. The one-year period may be referred to as the "limited" warranty period".

This is the sole and exclusive warranty given by the company with respect to the products and is in lieu of and excludes all other respect to the products and is in field of an in excluses an other warranties, express or implied, arising by operation of law or otherwise, including without limitation, any implied warranties of merchantability, fitness for a particular purpose, non-infringement and the implied condition of satisfactory quality.

The product is not, is not intended to function or be used as, should not be used as, and shall not be deemed to be, an alarm system or home security system. The product's intended use shall not include use as an alarm system or home security system.

This limited warranty does not extend to any losses or damages due in whole or in part to misuse, accident, abuse, neglect, normal wear and tear, negligence (other than the Company's), unauthorized modification alteration, use beyond rated capacity, unsuitable power sources or or alteriation, due beyond rates departing, institution proper installation, repair, handling, maintenance or application, third party actions or omissions (whether as an agent or apparent agent of the Company), criminal acts, or any other cause not the direct fault of the Company.

#### 2. LIMITATION OF REMEDY:

If within the limited warranty period, the Customer discovers any covered warranty defects and notifies the Company within thirty (30) days of such discovery, pursuant to the Claims Procedure in Section 4 below, the Company shall, at the Option and as the Customer's exclusive remedy, repair or replace F.O.B. point of manufacture.

The remedies set forth in this limited warranty are exclusive. The sole and exclusive remedy for breach of any warranty hereunder shall be limited to repair or replacement of the products.

In the event that the product cannot be repaired or replaced, the company reserves the right to substitute a product of similar technical parameters.

The company will not refund the purchase price of the original product. Failure by the Customer to give such written notice within the thirty (30) Failure by the Customer to give such written notice within the thirty (30) day time period shall be deemed an absolute and unconditional waiver of the Customer's claim for such covered defects. All costs and expenses of dismantling, reinstallation and freight, including the time of the Company's personnel and representatives for site travel and diagnosis under this limited warranty, shall be borne by the Customer unless accepted in writing by the Company. Products repaired or replaced during the limited warranty period shall be covered by the foregoing limited warranty for the remainder of the limited warranty period.

The Customer assumes all other responsibility for any loss, damage, or injury to persons or property arising out of, connected with, or resulting from the use of Products, either alone or in combination with other respons

#### 3. LIMITATION OF LIABILITY:

In no event, regardless of the form of the claim or cause of action (whether based in contract, infringement, negligence, strict liability, other tort or otherwise), shall the company's liability to the customer or any third party exceed the price paid by the customer for the specific products giving rise to the claim or cause of action.

To the maximum extent permitted by applicable law, the company shall To the maximum extent permitted by applicable law, the company shall not be liable to the customer or any third party for any general, direct, indirect, incidental, special, consequential, or punitive damages, including, but not limited to, loss of profits or anticipated profits, business interruption, loss of use, revenue, reputation and data, costs incurred, loss or damage to property or equipment, bodily injury, or death, arising from any claim or cause of action relating to the product, whether such is been on uncreate content for first intervention sections. whether such is based on warranty, contract, tort (including negligence and strict liability.

These limitations shall apply notwithstanding any failure of essential purpose of any remedy. Some states and/or jurisdictions do not allow the exclusion or limitation of incidental or consequential damages so the above exclusions may not apply to certain customers.

The Customer assumes all other responsibility for any loss, damage, or injury to persons or property arising out of, connected with, or resulting from the use of Products, either alone or in combination with other

### 4. CLAIMS PROCEDURE:

The Customer shall make a claim by written notice to the Company through the contact information listed on its website at www.fibaro.com or by contacting the Company through the telephone number listed on the website. Any telephone conversations will be recorded. The Company will issue a designated claim number for each claim made. The Customer may be contacted by an authorized warranty service The Customer may be contacted by an authorized warranty service representative to arrange a date for an inspection of the Product. This inspection shall be in the presence of the Customer. The Product that is the subject of the claim shall be made available by the Customer together with complete standard equipment and the documents confirming the Product's purchase. Covered defects (as determined by the Company or its authorized service representative) found during the limited warranty to exide shall be exempted within their (20) dates from limited warranty period shall be remedied within thirty (30) days from the date of inspection or the date the Product is delivered to the Company or its authorized service representative, whichever is later. The limited warranty period shall be extended by the time that the Product is in the possession of the authorized service representative or the Company.

Remember before you submit a warranty claim, contact our technical support using telephone or e-mail. More than 50% of operational problems is resolved remotely, saving time and money spent to initiating claim procedure.

### 5 GOVERNING I AW AND BINDING ARRITRATION:

Please read this section carefully. It affects customers' rights and will have a substantial impact on how claims the company and the customer have against each other are resolved. This limited warranty contains a binding arbitration provision which may be enforced by the

The Company and the Customer agree that any claim or dispute at law or equity that has arisen or may arise between them relating in any way to or arising out of this limited warranty or the Products will be resolved in accordance with the provisions set forth in this Section.

- A. Applicable Law. The Customer and the Company agree that, except to the extent inconsistent with or preempted by federal law, the laws of the State of Illinois, without regard to principles of conflict of laws, will govern the limited warranty and Products and any claim or dispute that has arisen or may arise between the Company and the Customer, except as otherwise stated herein. The Federal Arbitration Act governs the interpretation and enforcement of this Section 5. The U.N. Convention on Contracts for the International Sales of Goods shall
- B. Agreement to Arbitrate. The Company and the Customer each agree that any and all disputes or claims that have arisen or may arise between them relating to or arising out of this limited warranty or the

Products shall be resolved exclusively through final and binding arbitration, rather than in a court proceeding. Alternatively, the Customer may assert his/her claims in small claims court, if the claims qualify and so long as the matter remains in such court and advances only on an individual (non-class, non-representative) basis.

The Company and the Customer agree that each of them may bring claims against the other only on an individual basis and not as a plaintiff or class member in any purported class or representative action or proceeding. Unless both the Company and the Customer agree, the arbitration may not consolidate or join more than one person's claims and many not otherwise preside over any form of a consolidated, proceeding the proceeding. representative, or class proceeding.

C. Opt-Out. The Customer may opt-out of this agreement to arbitrate by sending the Company a written opt-out notice, via certified mail and postmarked no later than 30 days after the date of purchase of the Product. The opt-out notice must include the Customer's name and address, the serial number of the Product purchased, and the date and location of the purchase. All other parts of this limited warranty will still

D. Procedures. The arbitration shall be administered by JAMS pursuant to its Comprehensive Arbitration Rules and Procedures or pursuant to JAMS' Streamlined Arbitration Rules and Procedures, whichever as applicable. JAMS' rules are available at www.jamsadr.com. The use of the word "arbitrator" in this provision shall not be construed to prohibit more than one arbitrator from presiding over the arbitration; rather, the JAMS' rules will govern the number of arbitrators that may preside over an arbitration. The Customer will have a reasonable opportunity to participate in the selection of the arbitrator.

A Customer who intends to seek arbitration must first make a written A customer who intends to seek arbitation must tirst make a written claim against the Company pursuant to Section 4. If the Customer and the Company are unable to resolve the claim with thirty (30) days from the date of the notice, the Company or the Customer may initiate arbitration proceedings. A form for initiating arbitration proceedings is available on JAMS website. In addition to filing the form with JAMS, the party initiating the arbitration must mail a copy of the completed form to party initiating the abilitation must mail a copy of the completed form to the other party. In the event the Company initiates arbitration against a Customer, it will send a copy of the completed form to the physical address the Company has on file for the Customer.

The arbitration hearing shall be held in the county in which the Customer resides or at another mutually agreed location.

Arbitration uses a neutral arbitrator instead of a judge or jury. Discovery or the exchange of non-privileged information will be allowed pursuant to JAMS' rules. The arbitrator will decide the substance of all claims in accordance with applicable law, including recognized principles of equity, and will honor all claims of privilege recognized by law. An arbitrator can award the same damages and relief on an individual basis that a court can award to an individual. The arbitrator's award basis and a court can award to an individual. In the arbitrator's award shall be final and binding and judgment on the award rendered by the arbitrator may be entered in any court having jurisdiction thereof. An award will consist of a written statement stating the disposition of each claim, and will include a concise written statement of the essential findings and conclusions on which the award is based.

Payment of all filing, administration and arbitrator fees is governed by JAMS; provided, however, that when a Customer initiates arbitration against the Company, the fee required to be paid by the Customer is that amount designated by JAMS for consumer arbitrations. All other costs will be paid by the Company.

If an arbitrator or court decides that any part of this limited warranty is If an arbitrator or court decides that any part of this limited warranty is invalid or unenforceable, the other parts of the limited warranty shall still apply to the extent applicable. In the event that this agreement to arbitrate is wholly inapplicable, the Customers agree that any claim or dispute that has arisen or may arise between the Customer and the Company must be resolved exclusively by a state or federal court located in Cook County, Illinois. The Customer agrees to submit to the personal jurisdiction of the courts located within Cook County, Illinois, for the purpose of litigating all such claims or disputes.

THE MANUFACTURER IS NOT RESPONSIBLE FOR ANY RADIO OR TV INTERFERENCE CAUSED BY UNAUTHORIZED MODIFICATIONS TO THIS EQUIPMENT. SUCH MODIFICATIONS COULD VOID THE USER'S AUTHORITY TO OPERATE THE EQUIPMENT

### This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions: 1.This device may not cause harmful interference

This device must accept any interference received, including interference that may cause undesired operation. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules, These limits are designed. to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- · Increase the separation between the equipment and receive
- . Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- · Consult the dealer or an experienced radio/TV technician for help.
